

*The truly universal charger
for electronic devices
that stores power!*

Solio® Classic™ – The World’s Most Proven Hybrid Charger!

Used by people all over the world, the Solio Classic combines efficient solar cells and a high capacity battery to collect and store power. Compatible with virtually all portable electronics, using the Solio Classic is as simple as connecting a cable and pushing a button.

- **Universal Charger** – Replace all of your chargers with one Solio – just change the tip! Works with most mobile phones, MP3 players and GPS units right out of the box (additional adaptor tips available at solio.com).
- **Stores Power** – Internal rechargeable battery stores power for up to one year. (A full Solio Classic will charge a typical mobile phone twice or give 15 hours of MP3 music - just 1 hour of sunshine = 15 minutes talk time or 40 minutes of MP3 music.)*
- **Hybrid Charger** – Plug into the sun and charge Solio through its solar panels or use the included cable to charge from the USB port of any computer – it’s free and green!

Technical Specifications

Nominal DC Output Range: 4V - 12V, 0 - 1A • Maximum Wattage: 6 Watts

Battery: Rechargeable Lithium Ion 3.7V 1650mAh cell

DC Input: 5.5V 400mAh

Dimensions (LxWxH): 4.7 x 1.3 x 2.5 in. (120mm x 34mm x 63.5mm) • Weight: 156g

Temperature Range: -20°C to 55°C (-4°F to 131°F)

*Performance times may vary slightly depending on type of device and intensity of sunlight
